Buro Roma 3L HB - Rust SafeTex

Buro Roma 3L MB - Olive SafeTex

Buro Roma 3L upholstered back - Charcoal SafeTex

DESCRIPTION

Introducing the Buro Roma 3lever with SafeTex antibacterial upholstery. Buro SafeTex upholstery contains a surface inhospitable to key bacteria and mould, making this a weapon against staining, unpleasant and premature degradation that can affect the durability, lifespan and hygiene of your chair.

Buro SafeTex fabric includes an anti-bacterial additive which is applied to the fabric texture by the textile mill during the dyeing process, thereby providing an anti-bacterial efficacy which prevents the presence or growth of key bacteria.

Supported by the following internationally recognised standards:

- 'AFRDI Level 6 - Severe Commercial Certification'
- GreenGuard Certification

SPECIFICATIONS (MM)

HIGH BACK

Overall size: 630w / 600d / 1180h

Back size: 450w / 535h

Seat size: 520w / 490d | Seat height: 465-595h

MID BACK

Overall size: 630w / 600d / 1120h

Back size: 430w / 445h

Seat size: 520w / 490d | Seat height: 465-595h

FEATURES

- Buro SafeTex antibacterial upholstery
- Ratchet height adjustable back/lumbar
- Independently adjustable seat angle
 - free floating or lockable
- Independently adjustable back rest angle
 - free floating or lockable
- Polyurethane moulded foam
- D1 nylon base
- 60mm twin wheel castors
- Available in Midback or Highback
- 130 x 48mm gas lift

OPTIONS

- Seat slide mechanism
- Height and width adjustable arms (180-2)
- Polished aluminium base (PC068)
- Soft PU castors (PC016)
- Small Seat 480W x 470D (mm) (B74612F)
- Customer specified fabric

Material Analysis

Buro Seating acknowledges its responsibility to develop environmentally sustainable products and business practices and consequently is committed to growing our range of chairs which are manufactured from recycled and/or recyclable materials. Buro's environmental management system (EMS) provides the framework for managing our environmental strategy;

MAIN PRINCIPLES

- To design products and processes that utilize minimal raw materials.
- To design products with a minimum end of life recyclability of 80% in NZ and Australia.
- To reduce, reuse and recycle waste.
- To develop an understanding of legislation relating to the environment and affecting the activities of our company.

Buro is committed to developing a "cradle to grave" process for all seating products wholesaled in NZ and Australia.
